GAIA-X: perspective on a structuring initiative for industry and Europe

Alban SCHMUTZ VP Strategic Dev & Public Affairs OVHcloud Chairman of CISPE

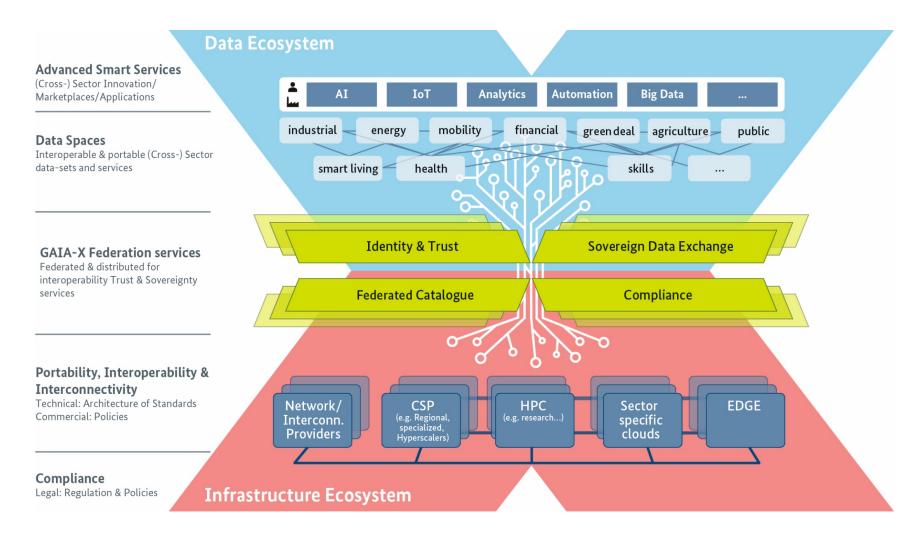

AIOTI webinar "IoT – Driving European Technology Leadership" 29. September 2020

GAIA-X is motivated by challenges to the European digital economy

GAIA-X provides a user-friendly and homogenous ecosystem of services and data

GAIA-X Policy Rules

- Defines mandatory rules which providers need to fulfill to join the GAIA-X Community and declare services. Additional optional rules
- Adherence to rules are demonstrated by self-declaration or third party certification depending on agreement within the GAIA-X governance. Existing tools (e.g. Codes of Conduct, ISO Standards, etc.) may be used to demonstrate effectiveness.
- Rules are based on market **existing good practices or additional GAIA-X rules** useful to address GAIA-X objectives
- 2 set of rules proposed from joint FR/DE working group:
